USAMA

Web Designer

https://usamakhan2004.github.io/Usama/

ABOUT ME

I am a web designer and programmer. I am skilled in HTML, CSS, and JavaScript. During my studies, I have worked on various website projects, including e-commerce, portfolios, blogging, and number conversion. I have successfully hosted some of my projects on a free host, and one of my projects is indexed on the Google search engine.
